"The Elden Ring is a Japanese role-playing game developed by Atelier and published by Gust. The game was first released on December 9, 2017 for PC via Steam. It was officially released on April 25, 2019 for PlayStation 4 and May 8, 2019 for Nintendo Switch. The game tells the story of a young woman's adventure into the Lands Between and the power she's called to wield as she becomes an Elden Lord and joins the battle against the invading forces of darkness that cover the lands. A sudden outbreak of a fatal disease caused by a newly discovered virus that infects the host's body and causes them to uncontrollably transform into monsters. To survive the terrifying chaos, the people of Ariurand must join forces to fight the disease, now known as the "Elden Blast" and known as the "Demon Disease." A mysterious man named Akihito Kanbara and his daughter Yuzuriha meet an old man near an old castle who claims to be the first born of the Elden King, Ryuuta. With a land he says only he can claim, Ryuuta sends Akihito and Yuzuriha off to learn and prepare to return to the Elden Ring as an Elden Lord and assemble an army to be part of the Elden Ring's offensive against the Demon Disease. As the tragedy unfolds, Yuzuriha's childhood friend Kurai meets a princess Ryoma, who leads her onto a mystery path. However, not long after they meet her, Ryoma and her party are abducted by the Demon King. There, Ryoma learns that the demon king is an extremely powerful, yet extremely naive being who is imprisoned in a demonic weapon, a reminiscence of the Elden Ring's lost power. The Demon King claims to only know evil. Ryoma and her party fight their way through the Demon King's castle to rescue Kurai. Kurai and Ryoma then join forces with the Elden Lord Akihito and his party. Together, they journey across Ariurand to seek the grave of Ryuuta, the Elden King. The Elden Ring will continue to fight the Demon Disease until the lands are no more." © 2017, Atelier Inc. © 2017, Gust © 2017, Koei Entertainment © 2017, Marvelous Inc. © 2017, Nintendo © 2018-2020 Muddy

Story of the game:

You awaken in a strange land with no recollection of your past life.

"I'm not sure what I'm supposed to remember or where I am, but my ego has been deeply hurt."

"I've been taken away by those people. Now, in front of me, a Lord invites me to his house to make me a sorcerer. I did not agree to that, but due to my ego, I must obey."

"If you see the inside of this village, please let me return to me lodge. I will gladly take your request."

"You should not fight me, little elf! I have great power and am your father's true friend, and if you fight me, you will die quickly."

"Hey, you cannot go in there," said a fighter on the other side. "It's dangerous. Go this way."

"Not only have they harmed my ego, but they've killed my friends. Why are they killing all of the humans?"

"Help me," I called out to an old woman near me. "Who
