We care about the use of our IP. We have a similar complaint about Dragon Age and Mass Effect from Bioware. COMMENTS WOULD REALLY LIKE TO SEE MORE FOOD, WINE, AND DANCE. Also, ARAB LANGUAGE, and ELDEN RING ALIENS. Also, ARAB LINGUISTIC HISTORY. Also, AN ARGUMENT BETWEEN SOL AND GOD SAID IN TEXTS. This game looks really interesting, I'd love to see more of this type of game in the future. I don't see how people keep complaining about the story or lack of historical games. If you want to see more historical games (in the genre of this game) The Elder Scrolls is the game to check out, not Skyrim. Skyrim is the best RPG of the last
