Features Key:

- **FIRST MANAGER GAME EVER AMONGST REAL TEAM MASTERS** - With nearly a decade's worth of feedback, FIFA is the #1 sports video game on the market. And now, for the first time ever, you can play like a manager with a first-class team of real-life footballing heroes, all in one game. Play like Pep Guardiola; motivate like Jose Mourinho; or get stuck in with the real world managers from around the world on the pitch in this FIFA Manager game.
- **GROW YOUR FOOTBALL CLUB** - Take control of your very own football club, grow it, and win. From your first ball to your last jersey. And with the new book-style development tool, you can create the game-changing signings on and off the pitch you've always wanted.
- **EYE-POPPING ACTION** - With the most authentic ball-flight and ball-control feedback ever, there are never any dull moments. From stunning technical footwork to free-kicks and headers, every pass, shot, dribble, or cross is more beautiful than the last.
- **TOP-OF-THE-LINE AUDIO** - In FIFA, realism meets refinement. From the roar of the Wembley Stadium crowd to the sound of the goals and epic free-kicks, it's never been better. From and around the world comes the broadest and deepest audio representation to date, and every FIFA game is accompanied by a specially produced soundtrack.
- **BRAND NEW ULTIMATE TEAM** - Team up with and against the best footballing heroes in the world in FIFA Ultimate Team. The global roster of esports pros and legends allows you to

build or collect real-life Ultimate Teams that feature the best footballers in the world, all available to play for the first time in FIFA 22.

- PITCH-SMASHING EXOTICA – Prove your skills by showcasing your footballing finesse on any surface across the globe. FIFA has struck a partnership with indoor roofed stadiums and beaches, each with their own unique properties (e.g., Melbourne CBD's Melbourne Cricket Ground, Tahiti's Papeete's main stadium and Doha's snow-covered FIFA World Cup™ Organising Committee Stadium). Online, you can play in VR on your PC and enjoy expansive,

FIFA Ultimate Team brings the World's Game to life in a way no other sports game can. Build a dream team from over 700 real players, clubs and historical sides, earn and use coins to upgrade your players, and compete in FUT Leagues and Cups. FIFA Ultimate Team is the only FIFA game that lets you compete against the opposition as if you were a real manager. FIFA Ultimate Team Mode is now available for PlayStation 4. This is an amazing way to become a huge football manager.

IN-GAME STORYLINES In a world of storytelling, FIFA moves away from set-piece cut-scenes and leverages its deep gameplay engine to create in-game live dramas. All club matches are now accompanied by in-game stories that are set in-line with the day of the match and give you even more reasons to play like you're there at the stadium.

DECOY VIEW A fascinating new camera has been added to the most realistic pitch view in FIFA, where you can see more than ever before as you look down from the sky to the game area.

SQUAD VIEW Squads have been given an overhaul to bring new animations, better player positioning, positioning of coaches and an unprecedented level of player detail.

PLAYER WEIGHTS Based on recent real-world changes in player body structure, FIFA has added new animations and dynamics to the way players handle the ball.

BATTLESCORE A new feature has been added to the return of the classic Battlescore, which lets you fight for victory in all the most important matches of the season.

HIGHER RESOLUTION CLOTHING The quality and quantity of clothing and player kits in the game has increased. Every item will now be equipped with an individual uniform code.

REALISTIC WORLD WITH MORE UNRELEASED FACES & DETAILS The team has been working with a number of third-party partners, such as manufacturer Adidas and providers of authentic licensed gear, to gather data to create more realistic player faces, kit fronts and complete player uniforms.

CLUB LOGOS In addition to the full range of player kits, shirt sponsors and transfers in your squad, you will be able to equip your team with a badge and colours for individual clubs as well.

PLAYER PROFILE AND CUSTOMISE In addition to the existing player lifestyle features, players can now also access a full-scale player profile including detailed

FIFA games have always been fully immersed in the world of football. The best FIFA games offer a true, football experience, a tactical, beautiful game of possession. FIFA fans expect a great game engine, that adds polish to the experience and makes each game feel totally unique. Players love the energy and intensity, created by the game engine. Where we've come from In 1997 the dream of every football fan came true - FIFA 97 from EA Sports marked the beginning of the latest generation of the FIFA series. The tactical game added a completely new direction to the gameplay of the game, introducing gameplay for the first time, related to the counter-attack, free-kicks, free-kicks with pressure, shot mechanics and various other aspects. It was the first football simulation to feature visual improvements, adding a whole new richness to the gaming experience. EA SPORTS FIFA 14, released in 2013, was the culmination of innovations and improvements from the previous titles, including the first day-night FIFA game, first officially licensed broadcast presentation of the FIFA series, better player likenesses, the inclusion of the new Reveal Player feature and the popular Ultimate Team mode. FIFA 17 was another huge step forward for the game, featuring a dramatic new engine, unrivalled cover system, vastly improved game presentation and more. It was the first FIFA game to feature touchline presentation and the first FIFA game to feature a two-match NFL schedule. EA SPORTS FIFA 18 was released in September 2017 and was the first FIFA game to feature an all-new engine, which is the core of FIFA 19. The new engine created new opportunities for game development, including a brand-new post-match presentation, and propelled a new era in FIFA gaming. The new engine brings improvements and changes to gameplay throughout each mode in the FIFA series. The gameplay was fundamentally changed in FIFA 18, resulting in an even more realistic, believable and involved experience. Enjoying the experience The engine has always been key to the success of the FIFA series and the new engine in FIFA 19 is no exception. The engine enables us to make games that are faithful to the traditional principles and values of the sport, plus the technical aspects of the sport that define the game. Whether it's using the ball with ease through difficult passages, making it harder and harder to beat your opponent, or utilising the importance of
