Download Torrent.Nearly two years ago, we showed you a short clip from Marvel Studios' next big project, an Avengers film set to be directed by Joss Whedon. The one question fans had: Could the script be leaked? Well, it was. Then, just a few weeks later, the script was released. We hadn't been the only ones getting our hands on it. As it turns out, it was... not such a big deal after all. Joss Whedon doesn't have quite the massive legacy he has built for his work on Buffy the Vampire Slayer and the film and television franchises that have resulted from that show, but he's come close to it with the Avengers movie. After all, who else has gone from writing the Avengers comic books to writing an entire movie series based on that comic book? We've seen directors and writers before who have left the comic world behind, but few have stayed in it as long as Whedon. He's since set up a little production house called "The Cabin in the Woods," using it to produce but not d0c515b9f4
