An action RPG featuring an intense battle system, with a steep progression in skill development. The action is infused with a JRPG-style battle system, where you can use a variety of weapon types and techniques to effortlessly kill your enemies in an unexpected attack. Even with the high-level strategy, the action elements are the core of the game, and it is exhilarating to see the outcome of the battle. • Features 1. A Skill System that Emphasizes Attack-Based Actions A skill is an action that you perform with the use of a weapon or magic, and as you increase your skill levels, you can use more powerful attacks, or you can perform devastating special skills and magical arts. When you choose what type of skill to perform, you can select two types of attacks; a basic attack that increases in power the more you level the skill, and a special attack that depends on the strength of the weapon you have equipped. • The Sphere System You can combine items with the use of a sphere, and when you level up, your sphere will level up too. By equipping a specific sphere, you will have access to new items that are capable of attacking in new ways, which will increase your possibilities in battle. • Create Your Own Style Each world has a variety of monsters, and they all have their own strengths, attack patterns, and special moves. You will be able to select a set of skills and learn different moves depending on the kind of monster you fight. Furthermore, the type of skills that are used will also differ depending on your environment. In addition, you will be able to choose a weapon or magic and change its status at will to change the way it attacks. 2. A Multilayered Story The Lands Between is a large world. You can freely move from field to field, from village to village, and from town to town. As you explore, the joy of discovering the unknown and discovering the secrets will await you. Based on our experience gained from developing other games, we have developed a multilayered story, in which you will experience a thrilling story full of mystery as you unravel the truth behind the mystery of the world. • Written by the Game Creators and Explored by the Game Developers We, from CREA Co., Ltd., are the creators of the KOG game series, "Second Sight" and "Memento Mori," and we've provided
