-Gamespot (4/10) - "The idea is a solid one but the execution is poor." -IGN (7/10) - "This somewhat mediocre action/RPG hybrid is for fans of high fantasy and the JRPG genre in general. If you are up for some old-school roleplaying with a mix of action elements in an unusual setting, it could be worth a try." -Game Informer (8/10) - "With a deep lore and systems that give the player meaningful choices, the game still feels like there's something missing." -Gamezone (6/10) - " A new take on the RPG genre, with a strong cast of characters and great dialogs. An excellent experience that doesn't miss a beat from exploring to combat." -PocketGamer (8/10) - "There's a complete lack of conventional RPG mechanics, which makes for a refreshing experience. It's something you have to try yourself to see what it really is." -Trusted Reviews (9/10) - "If you want a meaningful game, then Elden Ring does tick all the boxes. It's the kind of game that will leave you wanting more." -TheSixthAxis (10/10) - "Elden Ring is a wonderfully rewarding game, as you can see from the glowing reviews from its various press outlets.
