Roblox is a virtual world created using the L-System and Lua programming languages, where users can create their own games, and play them online. Players can use virtual items to interact with other players, and other players can access virtual items. Robux is a virtual currency used to purchase virtual items within the Roblox platform. The platform was originally created by developer David Baszucki and programmer Erik Cassel. The two met while attending the University of Waterloo, a public university in Waterloo, Ontario, Canada, and founded the studio in 2004. They released the platform in 2006, and it went through a number of improvements and new features during the platform's beta period. In 2008, Roblox launched its first website and mobile apps for users. During its beta period, Roblox had around 55,000 users, compared to over 2,000,000 users when it launched publicly in June 2007. Roblox went through a large increase in popularity between 2008 and 2010, and it was featured in Time magazine in 2010, during its release of online video games for children. By 2014, Roblox was the third-most-played game in the United States on Xbox Live. In late 2014, it was reported to have a total of nearly 32,000,000 registered accounts. In 2018, digital publisher Crunchyroll acquired Roblox to gain access to its user base and gaming community, and founded a division known as Crunchyroll Games. In 2018, Roblox had over 20,000,000 players, and around 1.3 million monthly active users. In 2019, Roblox had over 24,000,000 players, making it the most played video game in the United States and Canada. In May of that year, it was reported that over 40,000,000 people used Roblox on a monthly basis. In 2019, Roblox had approximately 36.6 million monthly active users, of which 16.8 million were members of the Roblox Studio. Roblox hosts more than one million games per week, with an average game duration of 7 minutes. In addition to its platform, Roblox Corporation also owns and operates Roblox Gaming, a dedicated game publisher. Roblox Gaming has published various video games and collaborated with mobile video game publisher Global Gaming Factory. In 2019, it had six games published, with another seven slated to be published in 2020. The platform has been cited as a social network,

What is Roblox? Roblox is a massively multiplayer online game, that draws its inspiration from the construction game Minecraft. It enables the creation of different types of game objects, called 'robots' or 'mobs', that inhabit the game world. In Roblox, the robots follow a set of interactions based on their attributes, as well as an AI, which moves around and interacts with the other robots in the game. On Roblox, users can create games using these robotic objects, as well as other tools, giving them the freedom to create elaborate games that are not possible in other games. Roblox is free to play, with most major content being user generated. However, some other content is controlled by large external companies, which have been dubbed 'Content Creators'. The game is also highly integrated with Facebook where users can connect to other users through their friends on Facebook, allowing them to create or join games and other social experiences on Roblox. Roblox also offers a video store and other services to broaden the user experience.
