This is because of the same reason that we have already been told; we've been set up by The Vatican in order to manipulate and control the masses. In this particular age, the most dangerous thing we have to contend with is not the danger of weapons of mass destruction, because they're just a tool of convenience, a good way of waging war, just so long as it doesn't involve the use of nuclear weapons. The Vatican is a powerful corporation, a part of the global corporate cartel. And, through the use of the oligarch network, which is another word for the corporate mafia, they control most, if not all of the media, including what they say in regards to the Bible and Christianity in general. They control every aspect of the media they deem necessary for their agenda. download ebooks ebooks bestsellerbooks mobi ebookspdf Translation: They are going to use the film as a means of war propaganda. Not only that, the American public is going to be brainwashed to the point that they'll keep buying into the tall tale that is being fed to them in the mainstream media. 6d1f23a050
